2017 Spring Retreat

Build a Better Bezel Pendant

Instructor: Traci Otte
Website: www.Creative-Pursuits.biz
When: Sunday, March 12,
1:30pm to 4:30pm
Skill Level: All Levels
Cost of Class: $25
Optional Kit Fee: $15

You bought a Lunasoft cab, etched metal disc, fused glass cab, or polymer clay cab, but how do you turn it into a pendant? Learn a new, quick bezel technique using adorable, two-holed Super8 beads. This technique can easily be adjusted to work with several sizes and shapes of components. Add a scalloped bail and maybe some loops or fringe, and you'll be wearing your new pendant in no time!

Optional Kit Contains:

- 3.5g Super8 beads
- 4g 15/0 Japanese seed beads
- 1.5g 8/0 Japanese seed beads
- round component, 18mm or larger
- beading thread – Fireline, 6 lb.
- beading needle – size 12

Students must bring all items listed for the kit if not purchasing the kit. Several colorways with different components including Lunasoft cabochons, fused glass cabochons, and metal disks will be available and students may choose their kit at the start of class.
See Traci's website for more pictures and info: http://creative-pursuits.biz/bbb/

Supplies and/or Tools to bring to class:

- scissors or thread cutter
- beading mat or work surface
- thread conditioner or wax, optional
- bead scoop or triangle, optional
