## Beaded Beads

Instructor: Adele Kimpell

Website: [www.beadreamers.net](http://www.beadreamers.net)

When: Saturday, March 11, 1:30pm - 4:30pm

Skill Level: All Levels

Cost of Class: \$25, includes printed project instructions

Optional Kit Fee: \$35

Japanese seed beads combined with a variety of two- and four-hole beads are used to stitch the sculptural elegance of these beads. The beads are worked in a combination of quasi tubular Ndebele (herringbone), right angle weave and square stitch. The beads make a dramatic statement whether worn singly or multiple on a neck wire or carrier of choice. What fun to make and wear!

In the class you will make a Double QuadraTile Bead. This bead employs all the techniques you will need to stitch the other 5 beads included in the pattern.
