

2018 Spring Retreat

Eva Sherman

Eva Sherman began beading as a way to spend time with her daughters but soon became hopelessly addicted. In 2005 she traded in her architectural career for the opportunity to spend all her time among beads, and opened Grand River Bead Studio in Cleveland, Ohio. Eva now happily spends most days in the studio creating, writing and teaching, but has been known to take her show on the road. She has discovered an affinity for working with wire and metals, and prefers to design in an organic and unstructured style. Eva has taught nationally and internationally over the past 8 years, and is the author of "Organic Metal and Wire Jewelry" released in 2013, and "Cool Copper Cuffs" released in 2016.
